

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## Inspector's Report

*To the Governor, the Senate, the House of Representatives,  
and the Board of State Charities, of the Commonwealth of  
Pennsylvania:—*

THE President and the Board of Inspectors of the State Penitentiary for the Eastern District of Pennsylvania, respectfully present the following report for the year 1911.

No change has taken place in either the personnel or the organization of the Board.

The administration of the affairs of the Institution by the Warden, Robert J. McKenty has met the entire cordial approval of the Board.

During the year the new additional building, containing one hundred and twenty cells, authorized by, and for which an appropriation of \$60,000 was made by the legislature, has been completed and is now occupied. The cost of this building was \$52,698.11 and the balance of \$7,301.89 not expended in its construction has therefore been returned to the Treasury of the State. In the erection and equipment of the building no other than the labor of the prisoners was employed. The greatest care has been exercised in its lighting, ventilation and the adoption of the best sanitary methods.

A new stable also entirely constructed by our inmates has been built to take the place of the old one which was dilapidated and unsightly, thus providing the Institution in that respect with better and more enlarged facilities.

Every effort is being pursued for the development of the mental and moral training of the convicts. The system of education has met with most gratifying results. Many who have come to the Penitentiary unable to read or write have been taught these and other elementary branches. Special attention is also now being directed to the teaching of the younger convicts a knowledge of some trade which will enable them when leaving the Institution to lead useful and better lives.

The administration of the Parole Law commands much of our thought and attention. Thus far the result of its application has been very satisfactory. The tabulated statement shows that out of 128 prisoners paroled, 18 only, have not complied with its requirements and of these 15 have been returned to the Institution.

The general health is good, and the mortality rate low; our Hospital equipment is efficient and its services successful.

The Consulting staff have rendered us prompt and valuable service, which we highly appreciate and gratefully acknowledge.

The Board have given close personal attention to the various departments and the business methods of the Institution. We have been favored with the visits of Governors and members of the Penal Boards of several of the States whose thoughtful criticism and generous commendation have been welcome and gratifying.

The Board announce with sincerest regret the loss of Dr. Arthur V. Meigs, one of the most important and efficient members of the Medical Staff, who died on the

first of January, 1912. Dr. Meigs gave generously to the Institution his advice and services whenever required, which the Board take this opportunity of gratefully recognizing.

In concluding this report, the President of the Board feels that he should take this opportunity of giving expression to his personal appreciation of the faithful and efficient service rendered by his associates thereon. They have unselfishly given their time, thought and labor to this great work and are entitled to the approval of all persons interested therein.

We respectfully call attention to the reports herewith submitted, and the tables thereto belonging.

Very Respectfully,  
Submitted,

CHARLES D. HART,  
*Secretary.*

MURRELL DOBBINS,  
*President.*

## Warden's Report

*To the Honorable Board of Inspectors of the State Penitentiary for the Eastern District of Pennsylvania.*

GENTLEMEN:—

I beg leave to submit the following report for the year 1911.

On the first day of January, there were prisoners in this Institution as follows:—

1073 white males, 18 white females, 301 colored males, 15 colored females.

During the year, there were received prisoners as follows:—

287 white males, 9 white females, 100 black males, 5 colored females.

Prisoners were discharged during the year as follows:

By Commutation Law 300; by Order of Court 18; Time out 1; by Death 14; by Pardon 14; by Order of Managers of Huntingdon Reformatory 6; by Parole 105.

At the close of the year there were prisoners as follows:—

1017 white males, 15 white females, 306 colored males, 12 colored females, showing a decrease in the population from last year of 57.

The largest number present during the year was 1412, the smallest 1312, the average being 1366.

During the year the discipline of the Institution has been good.

The Sanitary Plumbing has been installed on the 8th

and 10th Blocks.

The New Block No. 12 consisting of 120 Cells has been finished and occupied during the past year and it has given good satisfaction.

The ice manufacturing and cold storage Plant, is doing good work and fully meets all our anticipations.

The Visitors of the various prison societies have been diligent in their efforts.

During the year there have been quite a number of prisoners baptized and confirmed by the various churches. The Sisters of Mercy and the King's Daughters have regularly visited the female prisoners.

The Pennsylvania Prison Society, through their agents, Mr. Frederick J. Pooley and Mr. Albert H. Votau, have been very faithful in providing clothing to those in need at the time of their discharge.

The progress made by those, who have taken advantage of the school, has been very satisfactory.

During the year, there has been built a new stable to take the place of the old one, which had become dilapidated.

It is with deep regret that I have to announce the death of Albert A. Derr, who had been an officer of this Institution for over thirty years, and Frank C. Buck, Superintendent of the Cigar Department; also on January 1, 1912, the death of Dr. Arthur V. Meigs, who was one of the Consulting Staff and who was liked very much by all the prisoners.

I desire to thank the Board of Inspectors, Chaplain, and all the officers for the counsel and aid given me in the discharge of my duties during the year.

Respectfully Submitted,

**ROBERT J. McKENTY,**

**WARDEN.**

## Parole Officer's Report

*To the Honorable Board of Inspectors of the State Penitentiary,  
for the Eastern District of Pennsylvania:*

GENTLEMEN:—

I respectfully submit to you the Report of the Parole Department.

The first prisoner sentenced under the Parole Act was received here on July 6th, 1909.

The first application for Parole was received by your Honorable Body in September, 1910 at which time you recommended 16. Since that time we have progressed successfully as will be seen by the following statistics.

The paroled prisoners have shown by their action that they earnestly appreciate the liberty given them and from their reports their average earnings are about \$ 40.00 per month. Their salary, combined with good conduct, has enabled them to support their families and lead a good life.

At the beginning of the Parole System, we were slightly hindered by the fact that a number of prisoners, entitled to parole, were unable to secure employment, but of late we have overcome this by the valuable assistance given us by outside organizations.

I take this opportunity to express my thanks to your Honorable Body for the interest and assistance you have rendered us to make the system a success: and also to extend my thanks for the assistance rendered us by the Warden, Chaplain and each officer of the Institution.

Respectfully Submitted,  
John W. McKenty,  
Parole Officer.

# Dentist's Report

*To the Board of Inspectors of the Eastern State Penitentiary:*

GENTLEMEN :

I respectfully present the Report of the work done in this department for the year A. D. 1911.

There is a constantly growing interest in the care of the teeth shown by the inmate, which is evinced in the better condition observable.

## Doctor's Report

*To the Honorable Board of Inspectors of the State Penitentiary  
for the Eastern District of Pennsylvania:*

GENTLEMEN:

I beg to submit the following report of the Medical Department for the year 1911.

The general health of the Institution has been good, no contagious cases have developed and there was but one case of typhoid fever treated during the year: in this case the disease was contracted previous to admission.

There were 18,986 sick calls during the year and 21,728 prescriptions from the drug store; 345 cases were treated in the hospital of which number 13 died and there was one suicide making a mortality rate per 1000 from disease on average population of 9.51, and on total population from all cases of 7.74.

Of the 458 prisoners discharged during the year 293 gained weight, 23 remained stationary and 142 including those who died lost weight.

Eighteen cases having been examined by Commission and found insane, were by order of Court transferred to hospitals for the insane; of this number two were returned to the Penitentiary as cured.

The tubercular cases are isolated and treated in open air cells, the tubercular death rate per 1000 on average population was 1.46. During the year the facilities for the open air treatment has been increased by the addition of ten open air cells.

The trained nurses in the hospital have been a valuable aid in caring for the sick.

The food supply has been carefully, and regularly inspected by the physician and found good.

Thanks are due to the consulting staff who have cheerfully rendered valuable assistance. It becomes a sad duty to record the death of our medical Consultant Dr. Arthur V. Meigs, who died January 1st., 1912. He was not only an experienced and skillful physician but a true hearted man, cheerful and sympathetic with the sick, and considerate of his associates; his sudden death was a sorrow to his many friends and a loss to this Institution.

Respectfully Submitted,

H. W. HASSELL, M. D.

Physician.

## Moral Instructor's Report

*The Board of Inspectors of the Eastern State Penitentiary of Pennsylvania:*

GENTLEMEN:—

Acknowledging with devout thanksgiving to God, the protection and favors of his hands, I respectfully beg to report; the improvement in the general tone of the Institution, both physical and mental, still continues, and is a matter of remark by those who have watched its course.

Every step taken, widens our view of the possibility that seems within reach, and yet that is so difficult to reach by reason of the limitations imposed upon us by circumstances over which we have no control.

In this manner the entire Institution in its physical constitution, and mental and social life, seems to be a new creation that makes it not only a wonder to strangers, but also even to ourselves, who have seen it and lived through it.

Our school work has grown beyond our facilities for its maintenance, so that we are compelled to transfer our elementary scholars from school classes to the list of the Correspondence school sooner than we ought for their advantage, in order to make room for others coming into our midst, absolutely illiterate.

In the department of music, we are still providing occupation and entertainment for a large number; in both these directions we are very much hampered for room, but are doing the best with the materials at hand, because of the positive need that presses us, and the obvious advantage gained.

The Pennsylvania Prison Society continues its work of providing clothing for discharged prisoners who may be in need; also furnishing tools to mechanics who have the opportunity of obtain-

ing employment. The position of its secretary has been taken by Mr. Albert H. Votaw in the place of Mr. John L. Lytle, deceased.

Mr. Frederick J. Pooley is doing the work as General Agent, which brings him into intimate relations with those who come to us from Philadelphia Courts, and affords him exceptional opportunities for good.

The official visitors of the Pennsylvania Prison Society, The American Society for Visiting Catholic Prisoners, the Protestant Episcopal City Mission, and the Prisoner's Guild of the King's Daughters, are in regular attendance, and constant in their ministry. Pastors of the various demoninations are cordially welcomed in their visits to members of their respective communions.

The Sunday services for worship are regularly held at 9 O'clock each Sunday, and are well sustained with preachers and choirs from the various Denominations.

Mrs. Maud Ballington Booth and her son, Staff Capt. Charles Booth have been with us in our Sunday service and given us inspiration and help in their addresses.

We have had the presence and ministry of the Bishops of the Catholic Church, and of the Protestant Episcopal Church in the confirmation of large classes of the prisoners. The services of the Confessional, and the Holy Communion are regularly provided, and freely attended.

A "song service" is held at 3.30 P. M. by choirs of City Churches, provided by the Protestant Episcopal City Mission, in which a Bi-monthly choir is furnished by The American Society for Visiting Catholic Prisoners.

In the absence of a church choir on Christmas Sunday, we had a service by our Orchestra, with a choir from our Sunday morning Chorus, which met with many expressions of satisfaction and appreciation.

We are generously supplied with religious papers and magazines by our friends among the Churches. Our staunch friends and supporters for many years, John J. Lytle,

and the Rev. Samuel W. Thomas, D. D. have been called from among us to their reward.

I desire to acknowledge, and express our thankfulness for, the sympathy and help which we have received from many friends among all the churches, which I can not specify in this report.

Our work in the Printing and Bindery departments is growing, and we are greatly aided by the equipment received from the recent session of the Legislature, by which we are able to do all the work needed by the Institution on its printing supplies, except an especially large sheet.

The effect on the morals of the prison, by the constant formation and moving of the classes to the school, is a constant interest.

I desire to acknowledge the generous consideration and willing help, that I have uniformly received from the Board and the Warden. The courtsey and ready assistance of the officers in various needs of my work, receive my sincere thanks.

I submit some figures gathered in my interviews with those admitted during the year.

The following figures were obtained in my interviews with those received, the total number being 401.
